

3.4: Solving multi-step inequalities

- Sometimes you need more than one step to solve an equation.
The same is true for inequalities.

Steps to solve equations and inequalities

1. Undo _____ and _____ first.
2. Undo _____ and _____.

* Remember: when you _____ or _____ by a _____, you must _____ the _____.

Examples.

1.)

2.)

3.)

4.)

Assignment: page 155 (2-8) even, 37, 38, 39, 47, 48, 49

* assignments are always subject to change during class based on the teacher's assessment of class needs.
It is up to YOU to make sure you have the correct assignment.
